

Tennessee Association of Student Councils'

Silver Star Membership

TASC has two levels of membership: regular membership and Silver Star Membership. Regular membership dues are \$50 per school for a one-year membership—if membership applications and dues are postmarked by April 30, 2009. Regular membership dues postmarked after April 30, 2009, must include a late fee of \$15—increasing the cost of regular membership to \$65.

Silver Star Membership is a second tier of TASC membership. Silver Star Membership is attained by a school paying the regular membership dues and making an additional \$25 donation when dues are paid. (Dues for Silver Star Membership postmarked by April 30 are \$75 per school; dues for Silver Star Membership postmarked after April 30 are \$90 per school.) Silver Star Member Schools will receive a certificate designating their school as a TASC Silver Star Member; membership at this tier also will allow a school to register at least one additional delegate for TASC's Summer Leadership Camp and at least one additional delegate for TASC's State Convention (the number of extra delegates allowed each year will be determined by the situation of the particular event).

Donations received from Silver Star Members will be used to help fund student scholarships to camp and to further the recognition of TASC's student leaders. The intent behind adding this tier of membership is to help keep TASC's programs for students strong and affordable for individual participants. We hope that many of our TASC member schools will consider participating in this Silver Star Membership program!

Please remember that—to avoid the late fee added to either level of membership—all TASC memberships need to be renewed by a postmark date of April 30. Thank you for your help with this!
